[Slave Stealers](#) May 09 2021 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

[VisionMongers](#) Nov 15 2021 For those who want to make the transition into the world of vocational photography—staying true to your craft and vision, while fusing that craft with commerce VisionMongers is a great place to begin your journey. With a voice equally realistic and encouraging, photographer David duChemin discusses the experiences he's had, the lessons he's learned, and the practices he's adopted in his own winding journey to becoming a successful working photographer. When it comes to this personal, honest combination of craft and commerce, there is no single path to success. Everyone's goals are different, as is everyone's definition of success. As such, VisionMongers does not prescribe a one size-fits-all program. Instead, duChemin candidly shares ideas, wisdom, and inspiration to introduce you to, and help you navigate, the many aspects of transforming your passion into your vocation. He addresses everything from the anxiety-riddled question "Am I good enough?" to the basics—and beyond—of marketing, business, and finance, as well as the core assumption that your product is great and your craft is always improving. Along the way,

duChemin features the stories of nine other photographers—including Chase Jarvis, Gavin Gough, and Zack Arias—whose paths, while unique, have all shared a commitment and passion for bringing their own vision to market. With *VisionMongers*, you'll learn what paths have been taken—what has worked for these photographers—and you'll be equipped to begin the process of forging your own.

A Texan's Story Dec 04 2020 Walter Prescott Webb (1888–1963), a towering figure in Texas and western history and letters, published an abundance of books—but for decades the autobiography he'd written late in life sat largely undisturbed among his papers. Webb's remarkable story appears here in print for the first time, edited and annotated by Michael Collins, an authority on Texas history. This firsthand account offers readers a window on the life, the work, and the world of one of the most interesting thinkers in the history, and historiography, of Texas. Webb's narrative carries us from the drought-scarred rim of West Texas known as the Cross Timbers, to the hardscrabble farm life that formed him, to the bright lights of Austin and the University of Texas, where he truly came of age. Fascinating for the picture it summons of the Texas of his youth and the intellectual landscape of his career, Webb's autobiography also offers intriguing insights into the way his epic work, *The Great Plains*, evolved. He also describes the struggle behind his groundbreaking history of that storied frontier fighting force the Texas Rangers. Along the way, Webb reflects on the nature of historical research, the role that Texas and the West have played in American history, the importance of education, and the place of universities in our national culture. More than a rare encounter with a true American character's life and thought, *A Texan's Story* is also a uniquely enlightening look into the understanding, writing, and teaching of western American history in its formative years.

A Wolf and the Trouble with Boxes Sep 20 2019 Long ago, powerful priests hid an entire city within a mountain to protect it from the encroaching West. But, magic is funny. The priests ended up cursing the very city they wished to protect. Centuries later, when rodeo star Ashton Lanyard walked into Katherine Lowell's office, Kat thought it was just business as usual. She had no idea that she was about to be catapulted into a world of curses and magic that she never knew existed. Ashton was in town to get married, but that wasn't all he was up to. During his time in the military, Ashton had stumbled across an ancient treasure trove filled to the brim with chests and boxes of treasures beyond belief. However, the trouble with boxes is that you never know what's inside--until you open them. Now, Ashton is on the run from fate and he needs Kat, but Kat's been burned before. Can Ashton gain Kat's trust before it's too late? More importantly, is Kat willing to face her own demons to save Ashton and a lost city?

Behind Photographs Apr 20 2022 "Behind Photographs began as the personal quest of photographer Tim Mantoani to document and preserve noted photographers together with their images. "We have come to a point in history where we are losing both photographic recording mediums photographic recording mediums and iconic photographers," Mantoani comments. "While many people are familiar with iconic photographs, the general public has no idea of who created them. This book became a means to do that, the photographer and their photograph in one image."--Publisher's website, <https://www.channelphotographics.com/behindphotographs.php>, viewed February 6, 2012.

In Camera: How to Get Perfect Pictures Straight Out of the Camera Oct 26 2022 With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. *In Camera* is the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.

Writing as Freedom, Writing as Testimony Oct 14 2021 In *Writing as Freedom, Writing as Testimony*, Sergio Parussa explores the relationship between Judaism and writing in the works of four twentieth-century Italian writers: Umberto Saba, Natalia Ginzburg, Giorgio Bassani, and Primo Levi. Parussa examines the different ways in which each author's work responds to Judaism and the notion of Jewish identity. With great detail, he shows how their writings reflect a change in attitude toward Judaism that occurred in Italian society between the mid-nineteenth and mid-twentieth centuries, from a perception of Jewish identity as a constraint to one's freedom to an understanding of it as a tool of intellectual freedom that can contribute to one's sense of identity. For these authors, the recovery of Judaism consists not only of telling stories with Jewish subject matter but also of the repeated act of remembering, a process by which, as Parussa puts it, "the past is salvaged from oblivion by means of its reactualization in the present." Through memory, one becomes free to affirm difference and to make Jewish traditions an integral part of Italian culture.

Tom Kundig: Houses May 29 2020 "Architect Tom Kundig is known worldwide for the originality of his work. This paperback edition of *Tom Kundig: Houses*, first published in 2006, collects five of his most prominent early residential projects, which remain touchstones for him today. In a new preface written for this edition, Kundig reflects on the influence that these designs continue to have on his current thinking. Each house, presented from conceptual sketches through meticulously realized details, is the product of a sustained and active collaborative process among designer, builder, and client. The work of the Seattle-based architect has been called both raw and refined--disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there." --

Wildlife Animals Oct 22 2019 Wildlife traditionally refers to undomesticated animal species, but has come to include all organisms that grow or live wild in an area without being introduced by humans.[1] Wildlife can be found in all ecosystems. Deserts, forests, rainforests, plains, grasslands, and other areas, including the most developed urban areas, all have distinct forms of wildlife. While the term in popular culture usually refers to animals that are untouched by human factors, most scientists agree that much wildlife is affected by human activities.[

Hip Hop Decoded Sep 13 2021 SUPERANNO This masterpiece takes its reader from Hip Hop's ancient origin to its modern day Matrix. Never before has a book been written about Hip Hop through the spiritual scope of the culture, or has examined the culture from a mystical perspective. The Black Dot cleverly accomplishes both, while providing plenty of fuel for a conspiracy theorist. Hip Hop Decoded reveals that Hip Hop is far deeper than just beats and rhymes, and masterfully illustrates that each

element of Hip Hop (Graffiti, DJ, Emcee, and B-Boy) has an ancient origin (hieroglyphics, drummer, oracle, and dancer), as well as spiritual significance (earth, air, fire, and water).

A Field Guide to the Birds of Borneo, Sumatra, Java, and Bali Jan 17 2022 The islands of Borneo, Sumatra, Java, and Bali are ecologically one of the richest, most biologically complex areas in the world, sought out by thousands of knowledgeable nature lovers every year for the spectacular variety of wildlife and beautiful vistas. This book provides the first complete identification guides to the birds of this teeming tropical paradise. It gives descriptions of 820 regional species, illustrated in 88 specially commissioned color plates accompanied by notes detailing distinctive features and habitats. Entries cover nomenclature, plumage, markings, voice, global range, distribution and regional status, habits, and diet. The main text gives practical information on where to find many exotic species, citing major birdwatching locations. Introductory chapters discuss habitats, climate, land-use, and conservation concerns. Professional ornithologists and amateur bird watchers alike will find this the indispensable bird guide for eastern Malaysia and western Indonesia for many years to come. It is also an unrivalled source of information for casual travellers and ecotourists.

The Political and Economic Thought of the Young Keynes Feb 18 2022 A century ago, John Maynard Keynes entered the Treasury to serve his country during the First World War, but as is well known, appalled by the terms of the end-of-war Treaty of Versailles, he abandoned the British delegation, outlining the predictable adverse results in the *Economic Consequences of the Peace*, published in 1919. Far less well known is his personal and political development that led him to be called to service even before Great Britain entered the conflict. Starting from Keynes's early political activity, Carlo Cristiano charts the stages through which Alfred Marshall's young pupil rapidly rose to be one of his country's major experts on monetary issues. The very young Liberal Imperialist was soon to become a staunch supporter of the liberal government, strongly committed to Lloyd George's 1909 'people's budget'. Moreover, the good relations he had established during his two years at the India Office of London and his growing expertise in money and finance, made him one of the few who genuinely grasped the functioning of the pre-war gold standard, and an ally of the Treasury and the Bank of England in the struggle within the City for control and management of London's gold reserves. Abandoning the stereotyped image of Keynes in his early years, so often described as a young connoisseur interested in philosophy and with little inclination for politics, this book sees his perfect fusion of political vision and economic competence in the era of 'New Liberalism' as the true wellspring of Keynesianism.

Plain Roots Aug 12 2021 Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

Hero Nov 03 2020 Heroes are hard to find, especially for Sean, who, at fifteen years old, has never had it easy. He's estranged from his father and abused by his

mother—Sean feels he has nowhere to turn. Suspended from school and with a mounting police record, he is one step away from serious trouble. Sentenced to community service for violating curfew, Sean is sent to Mr. Hassler's farm, where he's forced to confront his fears and take charge of his own life. When Sean is faced with a dangerous situation that tests his true character, he learns just what it means to be a hero. In an age where it seems that few truly worthy heroes exist, S. L. Rottman has written a compelling and realistic portrayal of the conflicts that drive a young man toward his destiny.

Joy Feb 24 2020 One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."--David Skeel, Wall Street Journal "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, The Atlantic Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.
