For forty years, David Sedaris has kept a diary in which he records everything that captures his attention-overheard comments, salacious gossip, soap opera plot twists, secrets confided by total strangers. These observations are the source code for his finest work, and through them he has honed his cunning, surprising sentences. Now, Sedaris shares his private writings with the world. *Theft by Finding*, the first of two volumes, is the story of how a drug-abusing dropout with a weakness for the International House of Pancakes and a chronic inability to hold down a real job became one of the funniest people on the planet. Written with a sharp eye and ear for the bizarre, the beautiful, and the uncomfortable, and with a generosity of spirit that even a misanthropic sense of humor can't fully disguise, *Theft By Finding* proves that Sedaris is one of our great modern observers. It's a potent reminder that when you're as perceptive and curious as Sedaris, there's no such thing as a boring day. A WRY AND HILARIOUS ACCOUNT OF LIFE AT A BOOKSHOP IN A REMOTE SCOTTISH VILLAGE "Among the most irascible and amusing bookseller memoirs I've read." --Dwight Garner, New York Times "Warm, witty and laugh-out-loud funny..."—Daily Mail *The Diary of a Bookseller* is Shaun Bythell's funny and fascinating memoir of a year in the life at the helm of The Bookshop, in the small village of Wigtown, Scotland—and of the delightfully odd locals, unusual staff,

eccentric customers, and surreal buying trips that make up his life there as he struggles to build his business . . . and be polite . . . When Bythell first thought of taking over the store, it seemed like a great idea: The Bookshop is Scotland's largest second-hand store, with over one hundred thousand books in a glorious old house with twisting corridors and roaring fireplaces, set in a tiny, beautiful town by the sea. It seemed like a book-lover's paradise . . . Until Bythell did indeed buy the store. In this wry and hilarious diary, he tells us what happened next—the trials and tribulations of being a small businessman; of learning that customers can be, um, eccentric; and of wrangling with his own staff of oddballs (such as ski-suit-wearing, dumpster-diving Nicky). And perhaps none are quirkiest than the charmingly cantankerous bookseller Bythell himself turns out to be. But then too there are the buying trips to old estates and auctions, with the thrill of discovery, as well as the satisfaction of pressing upon people the books that you love . . . Slowly, with a mordant wit and keen eye, Bythell is seduced by the growing charm of small-town life, despite —or maybe because of—all the peculiar characters there. It's all too easy to become overwhelmed with multiple thoughts each day as our to-do lists grow, so positivity blogger Dani DiPirro presents insightfully, within this cheerful diary, one life-enhancing theme a month to focus on. This year's themes range from Love in January, Positivity in February, Forgiveness in March, Acceptance in April, Hope in May to Inspiration in June, Joy in July, Appreciation in August, Authenticity in September and Adventure in October, Empathy in November, ending with Freedom in December. Each month opens with a positive affirmation to inspire the reader to embrace the motif and improve their month. Each week-to-view spread then features a thought-provoking quote that encourages reflection on the theme, as well as an exercise to further your holistic well-being. By focusing on one theme per month, but in varying ways each week, the diary allows a seed of awareness to grow over time so that positive action can become an integral part of daily life. So here's to a year ahead where we really do make every day matter. An extraordinary illustrated chronicle of 2020 that captures this indelible year in America in all its tragic, surreal, epic, and (sometimes) comedic intensity Artist Elise Engler set herself a task five years ago: to illustrate the first headline she heard on her bedside radio every morning. The idea was to create a pictorial record of one year of listening to the news. But when Donald Trump was elected, the headlines turned too wild for her to stop the experiment. Then 2020 happened. Was there ever such a year? Headlines about the death of Kobe Bryant and Donald Trump's impeachment began to give way to news of a mysterious virus in China, and Engler ' s pages were quickly filled with the march of COVID-19: schools closing their doors, hospitals overflowing, graveyards full to capacity. Day by day, Engler drew every shocking turn of the year: the police murder of George Floyd and protests around

the globe; a war against science and those who preached it; fires consuming California; a vicious election, absurdly contested. Other stories appeared, too: "Harvey Weinstein Sentenced," "Ruth Bader Ginsburg Hospitalized," "China Extends Control over Hong Kong," and—on repeat—"Stock Market Plunges." The result is a powerful visual record of an unprecedented time, collected in *A Diary of the Plague Year*, which follows the headlines from the first appearance of the coronavirus to the inauguration of President Joe Biden. Made in real time, Engler's vibrant, immediate images recapture what it was like to live through 2020, bringing texture, feeling, and even charm to what we might not remember and what we will never forget. A love letter to Paris and a meditation on how it has changed in two decades, evolving from the twentieth century into the twenty-first, from analog to digital. Your telephone is precious. It may be envied. We recommend vigilance when using it in public.

--Paris bus public notice

In fall 2014 Lauren Elkin began keeping a diary of her bus commutes in the Notes app on her iPhone 5c, writing down the interesting things and people she saw in a Perecquian homage to Bus Lines 91 and 92, which she took from her apartment in the 5th Arrondissement to her teaching job in the 7th. Reading the notice, she decided to be vigilant when using her phone: she would carry out a public transport vigil, using it to take in the world around her and notice all the things she would miss if she continued using it the way she had been, the way everyone does--to surf the web, check social media, maintain her daily sense of self through digital interaction. Her goal became to observe the world through the screen of her phone, rather than using her phone to distract from the world. During the course of that academic year, the Charlie Hebdo attacks occurred and Elkin had an ectopic pregnancy, requiring emergency surgery. At that point, her diary of dailiness became a study of the counterpoint between the everyday and the Event, mediated through early twenty-first century technology, and observed from the height of a bus seat. No. 91/92 is a love letter to Paris, and a meditation on how it has changed in the two decades the author has lived there, evolving from the twentieth century into the twenty-first, from analog to digital.

The acclaimed national bestseller, the first and only diary written by a Guantánamo detainee during his imprisonment, now with previously censored material restored. When GUANTÁNAMO DIARY was first published--heavily redacted by the U.S. government--in 2015, Mohamedou Ould Slahi was still imprisoned at the detainee camp in Guantánamo Bay, Cuba, despite a federal court ruling ordering his release, and it was unclear when or if he would ever see freedom. SIZE: 8.5 X 11 inches. An extraordinary, powerful and beautifully written memoir of a daughter's abuse by, and attachment to, her father. Throughout her childhood and adolescence, the anonymous author of *The Incest Diary* was raped by her father. Beneath a veneer of normal family life, she grew up in and around this all-encompassing secret. Her sexual relationship with her father lasted, off and on, into her twenties. It formed her world, and it formed her deepest fears and desires. Even after she broke away - even as she grew into an independent and adventurous young woman - she continued to seek out new versions of the violence, submission and secrecy she had struggled to leave behind. In this graphic and harrowing memoir, the author revisits her early traumas and their aftermath - not from a clinical distance, but from deep within - to explore the ways in which her father's abuse shaped her, and still does. As a matter of psychic survival, she became both a sexual object and a detached observer, a dutiful daughter and the protector of a dirty secret. And then, years later, she made herself write it down. With lyric concision, in vignettes of almost unbearable intensity, this writer tells a story that is shocking but that will ring true to many other survivors of abuse. It has never been faced so directly on the page. *Diary 2017*. Drawing and colouring pages featuring beautiful botanical designs are included in this diary along with a tutorial on how to make pencil drawings. Good quality paper and extra space to handle your day/week reminders/appointments. The 'week to view' structure (Monday-Sunday) and plenty of extra diary pages add to your year planner the space of a notebook. The diary includes also an agenda with your email contacts and telephone number. Follows the experiences of a man who, in the wake of estrangements and losses, is given a chance to rewrite and rediscover his true past. It's over a year since her last diary and Laura Brown is now in her first year of university in London, a city still struggling to pull itself together in the new rationing era. Laura's right in the heart of it; her band, the dirty angels, are gigging all over town until a police crackdown on rioting students forces them out of the city. After a brief exile on her parents' farm, the angels set off in a battered VW bus on a tour of Europe with the fabulous Tiny Chainsaws in the Distance. The tour soon unravels, however, in an increasingly dramatic sequence of events that include drought in Europe and Africa, a tidal-wave of desperate immigrants, a water war in the Middle East and a city-wide face off with the army in London. Not to mention infidelity, betrayal, friendship, love and massive courage. How long can Laura distance herself from the struggle? And more importantly, how

can she keep her style and hope alive in a world on the edge of madness? “ Not gonna lie, this is probably the coolest journal you ’ ll ever see. . . .
