When a chance yard-sale purchase nets five boys a Willie Mays rookie card worth \$4,000, their lives seem to narrow and intensify. The boys devise a "last man" contest--the winner gets the Mays card, and the losers get zip. Jack Olsen's Last Man Standing is the gripping story of Geronimo Pratt, war hero and community leader, who was framed by the FBI in one of the greatest travesties of justice in American history. Geronimo Pratt did not commit the murder for which he served twenty-seven nightmarish years. As a UCLA student, though, he had led the Los Angeles Chapter of the Black Panther Party, and became a target of the FBI. Here is the spellbinding saga of Pratt, his heroic lawyers, Johnnie Cochran and Stuart Hanlon, and the Reverend James McCloskey, who overcame all the odds to bring the truth to light and free Geronimo. "Examines the Battle of the Alamo, including its causes, leaders, and results"-- In the midst of the most disastrous economic climate of Wall Street's history, one executive has weathered the storm more deftly than any other: Jamie Dimon, chairman and CEO of JPMorgan Chase. In 2008, while Dimon's competitors watched their companies crumble, JPMorgan not only survived, it made an astonishing \$5 billion profit. Dimon's continued triumph in the face of an industry-wide meltdown has made him a paragon of finance. In Last Man Standing, award-winning journalist Duff McDonald provides an unprecedented and deeply personal look at the extraordinary figure behind JPMorgan's success. Using countless hours of interviews with Dimon and his full circle of friends, family, and colleagues, this definitive biography is by far the most comprehensive portrait of the man known as the Savior of Wall Street. Now, in an updated prologue, McDonald offers insight into the future of Wall Street and how Dimon will overcome the challenge of aggressive new regulation from Washington—and how he plans to continue to thrive as the world's preeminent banker. People are puzzled when Richard Aldana, a mysterious stranger who smokes cigarettes and wears a leather jacket, arrives in a medieval town where everyone else is casting spells and weaving tapestries, but when he enrolls in the games he quickly becomes a top contender using only his martial arts prowess. This is the extraordinary story of the polymath Thomas Young, who cared less about what others thought of him than for the unbridled pursuit of knowledge. The final "powerfully intense" (Romantic Times) Black Ops, Inc. novel from New York Times bestseller Cindy Gerard, featuring a covert private security team and electrifying romantic suspense. Black Ops, Inc. operative Joe Green is determined to bring to justice the man responsible for former team member Bryan Tompkins's death. He's convinced the ambush that killed Bryan was no coincidence, but a

setup. Unsure of the consequences of the battle he's about to start, Joe distances himself from both his Black Ops, Inc. team members and the woman he loves, Bryan's sister, Stephanie Tompkins. But Stephanie knows there must be some reason Joe broke it off, and when she hears Joe's charged with a murder in Sierra Leone, she wastes no time in breaking him out of prison. Then they must unravel the mystery behind the ambush, and bring resolution to a long-ago betrayal.... The continuation of Brian K. Vaughan and artist Pia Guerra's acclaimed VERTIGO series **Y: THE LAST MAN** brings to vivid life the age-old speculation: What would really happen to the last man on Earth? In 2002, the world changes forever. Every man, every boy, every mammal with a Y chromosome everywhere on Earth suddenly collapses and dies. With the loss of nearly half the planet's population, the gears of society grind to a halt, and a world of women are left to pick up the pieces and try to keep civilization from collapsing entirely. The "gendercide," however, is not absolutely complete. For some unknown reason, one young man named Yorick Brown and his pet male monkey, Ampersand, are spared. Overnight, this anonymous twenty-something becomes the most important person on the planet—the key, it is hoped, to unlocking the secret of the mysterious sex-specific plague. For Yorick himself, the most important person on the planet has been agonizingly out of reach. But now, after three long years and 10,000 arduous miles, the last man is closing in on the truth about his lost fiancée—and the shocking facts behind his own survival. Collects **Y: THE LAST MAN** #37-48 Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic. The basis of the 2014 award-winning feature-length documentary! A revealing and dramatic look at the inside of the American Space Program from one of its pioneers. Eugene Cernan was a unique American who came of age as an astronaut during the most exciting and dangerous decade of spaceflight. His career spanned the entire Gemini and Apollo programs, from being the first person to spacewalk all the way around our world to the moment when he left man's last footprint on the Moon as commander of Apollo 17. Between those two historic events lay more adventures than an ordinary person could imagine as Cernan repeatedly put his life, his family and everything he held dear on the altar of an obsessive desire. Written with New York Times bestselling author Don Davis, *The Last Man on the Moon* is the astronaut story never before told - about the fear, love and sacrifice demanded of the few men who dared to reach beyond the heavens for the biggest prize of all - the Moon. **WINNER OF THREE EISNER AWARDS.** After a devastating plague, Yorrick Brown is the last man left alive in a world of women. On the run from Amazon extremists who would be happy to see him dead, his friends leave him in the care of Agent 711. But 711 is not the tragic woman she seems to be and Yorrick is propelled into a drug-fuelled nightmare of blood and sadism. Collects issues #18-23 of the runaway hit Vertigo series by Brian K. Visit us online at www.1stWorldLibrary.ORG - - It was inevitable that in my efforts to write romantic history of the great West I should at length come to the story of a feud. For long I have steered clear of this rock. But at last I have reached it and must go over it, driven by my desire to chronicle the stirring events of pioneer days. Even to-day it is not possible to travel into the remote corners of the West without seeing the lives of people still affected by a fighting past. How can the truth be told about the pioneering of the West if the struggle, the fight, the blood be left out? It cannot be done. How can a novel be stirring and thrilling, as were those times, unless it

be full of sensation? My long labors have been devoted to making stories resemble the times they depict. I have loved the West for its vastness, its contrast, its beauty and color and life, for its wildness and violence, and for the fact that I have seen how it developed great men and women who died unknown and unsung. The Games are already underway when Richard Aldana arrives in town. This mysterious stranger seems to have more in common with our world than the world where the Games are held. He smokes cigarettes and wears a leather jacket while everyone else in this medieval realm is casting spells and weaving tapestries. Nobody knows what to make of him, but when Aldana enrolls in the games he quickly becomes a top contender. A MAN FOR ALL SEASONS In 2002, the world changes forever. Every man, every boy, every mammal with a Y chromosome everywhere on Earth suddenly collapses and dies. With the loss of nearly half the planet's population, the gears of society grind to a halt, and a world of women is left to pick up the pieces and try to keep civilization from collapsing entirely. The "gendercide," however, is not absolutely complete. For some unknown reason, one young man named Yorick Brown and his pet male monkey, Ampersand, are spared. Overnight, this anonymous twenty-something becomes the most important person on the planet — the key, it is hoped, to unlocking the secret of the mysterious sex-specific plague. For Yorick himself, the cause of the epidemic is less important than the fate of his beloved fiancée, Beth. Now, after nearly four years and countless grueling miles, the final answers are about to be revealed—and the truth may be more than any man could bear. In the conclusion to their acclaimed Vertigo series *Y: The Last Man*, writer Brian K. Vaughan and artist Pia Guerra bring to vivid life the age-old speculation: What would really happen to the last man on Earth? Collects *Y: The Last Man* #49-60. WINNER OF THREE EISNER AWARDS. As Yorick Brown, the last man on Earth, begins to make his way across the country to California, he and his companions are forced to make an unscheduled stop in Marrisville, Ohio—a small town with a big secret. Collects issues #6-10 of the runaway hit Vertigo series by Brian K. Vaughan (*EX-MACHINA*, *RUNAWAYS*) and Pia Guerra. The German Jesuit Athanasius Kircher did not die until 27 November 1680, at the ripe old age of seventy-eight or seventy-nine.² His body was buried in Il Gesù and his heart in the Marian shrine of Mentorella, south of Rome. Despite Baldigiani's mournful description of Kircher, reports of his demise were somewhat exaggerated. Kircher was still writing his own letters to correspondents as late as November 1678, when he apologized to one colleague for any sloppiness inadvertently caused by his "trembling hand."³ A trickle of letters continued, though increasingly composed by assistants, until the winter. The Games are already underway when Richard Aldana arrives in town. This mysterious stranger seems to have more in common with our world than the world where the Games are held. He smokes cigarettes and wears a leather jacket while everyone else in this medieval realm is casting spells and weaving tapestries. Nobody knows what to make of him, but when Aldana enrolls in the games he quickly becomes a top contender. Eschewing magic and using only his martial arts prowess, Aldana also befriends and protects a small boy for reasons as mysterious as his origins. Who will win the games? Who is Richard Aldana, really? And what is the ultimate purpose of this grueling gladiatorial contest? With its intricate fantasy setting and heart-pounding action sequences, *Last Man* has become the smash hit comics series in France. Combining compelling character-driven storytelling with fast-paced adventure, *Last Man* is an addictive series with a cliffhanger at the end of each volume that leaves readers panting for more. The magnificent new novel from the million-selling Booker Prize-winning author of *The White Tiger*: one of the most eagerly anticipated literary novels of 2011—"a kaleidoscopic portrait of a changing Mumbai." — *Guardian* (Best Books of 2011) Ask any Bombaywallah about Vishram Society--Tower A of the Vishram Co-operative Housing Society--and you will be told that it is unimpeachably pucca. Despite its

location close to the airport, under the flight path of 747s and bordered by slums, it has been pucca for some fifty years. But Bombay has changed in half a century--not least its name--and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours--friends who have become enemies, acquaintances turned co-conspirators--may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, *Last Man in Tower* opens up the hearts and minds of the inhabitants of a great city--ordinary people pushed to their limits in a place that knows none. This eBook edition includes a Reading Group Guide. "A sinister version of *The Perfect Storm*. Thrilling."—*Sunday Times (UK)* For readers of *The Perfect Storm*, *Between a Rock and a Hard Place*, and *Into the Wild* There's nothing that armchair adventure lovers relish more than a gripping true story of disaster and heroism, and *Last Man Off* delivers all that against a breathtaking backdrop of icebergs and killer whales. On June 6, 1998, twenty-three-year-old Matt Lewis had just started his dream job as a scientific observer aboard a deep-sea fishing boat in the waters off Antarctica. As the crew haul in the line for the day, a storm begins to brew. When the captain vanishes and they are forced to abandon ship, Lewis leads the escape onto three life rafts, where the battle for survival begins. Meet Gabriel - last of a genetically engineered breed of supersoldiers known as the Paladin. After winning an interstellar war between Earth and Mars, Gabriel is celebrated back home and given the new title of Protector of Amerika. All goes well for the newly entitled superhero as he begins to rid the streets of the scum that plagues it. However, as Gabriel is distracted by his duties, a terrorist organization known as Pandemonium frames the hero for a series of atrocious crimes... From the Booker Prize-winning author of *The White Tiger*, a stunning novel of greed and murder in contemporary Mumbai. At the heart of Adiga's gripping second novel ("his plots don't unwind, they surge" —*USA Today*) are two equally compelling men, poised for a showdown. Real estate developer Dharmen Shah rose from nothing to create an empire and hopes to seal his legacy with a luxury building named the Shanghai. Larger-than-life Shah is a dangerous man to refuse. But he meets his match in retired schoolteacher Masterji. Shah offers a generous buyout to Masterji and his neighbors in a once respectable, now crumbling apartment building on whose site Shah's high-rise would be built. They can't believe their good fortune. Except, that is, for Masterji, who refuses to abandon the building he has long called home. As the demolition deadline looms, desires mount; neighbors become enemies, and acquaintances turn into conspirators who risk losing their humanity to score their payday. Here is a richly told, suspense-fueled story of ordinary people pushed to their limits in a place that knows none: the new India as only Aravind Adiga could explore—and expose—it. Jeff Shaara has enthralled readers with his *New York Times* bestselling novels set during the Civil War and the American Revolution. Now the acclaimed author turns to World War I, bringing to life the sweeping, emotional story of the war that devastated a generation and established America as a world power. *Spring 1916*: the horror of a stalemate on Europe's western front. France and Great

Britain are on one side of the barbed wire, a fierce German army is on the other. Shaara opens the window onto the otherworldly tableau of trench warfare as seen through the eyes of a typical British soldier who experiences the bizarre and the horrible—a "Tommy" whose innocent youth is cast into the hell of a terrifying war. In the skies, meanwhile, technology has provided a devastating new tool, the aeroplane, and with it a different kind of hero emerges—the flying ace. Soaring high above the chaos on the ground, these solitary knights duel in the splendor and terror of the skies, their courage and steel tested with every flight. As the conflict stretches into its third year, a neutral America is goaded into war, its reluctant president, Woodrow Wilson, finally accepting the repeated challenges to his stance of nonalignment. Yet the Americans are woefully unprepared and ill equipped to enter a war that has become worldwide in scope. The responsibility is placed on the shoulders of General John "Blackjack" Pershing, and by mid-1917 the first wave of the American Expeditionary Force arrives in Europe. Encouraged by the bold spirit and strength of the untested Americans, the world waits to see if the tide of war can finally be turned. From Blackjack Pershing to the Marine in the trenches, from the Red Baron to the American pilots of the Lafayette Escadrille, *To the Last Man* is written with the moving vividness and accuracy that characterizes all of Shaara's work. This spellbinding new novel carries readers—the way only Shaara can—to the heart of one of the greatest conflicts in human history, and puts them face-to-face with the characters who made a lasting impact on the world. People are puzzled when Richard Aldana, a mysterious stranger who smokes cigarettes and wears a leather jacket, arrives in a medieval town where everyone else is casting spells and weaving tapestries, but when he enrolls in the games he quickly becomes a top contender using only his martial arts prowess. *The Last Man* is an apocalyptic science fiction novel. The book tells of a future world (the first-person narrative is that of a man living at the end of the 21st century) that has been ravaged by a plague. The novel was harshly reviewed at the time, and was virtually unknown until a scholarly revival beginning in the 1960s. "Funny and scary...an utterly believable critique of society. A+"—THE WASHINGTON POST "The best graphic novel I've ever read."—STEPHEN KING "This year's best movie is a comic book."—ALL THINGS CONSIDERED, NATIONAL PUBLIC RADIO "A seriously funny, nuanced fable...Grade A."—ENTERTAINMENT WEEKLY

***Y: THE LAST MAN*, winner of three Eisner Awards and one of the most critically acclaimed, best-selling comic books series of the last decade, is that rare example of a page-turner that is at once humorous, socially relevant and endlessly surprising. Written by Brian K. Vaughan (*Lost*, *PRIDE OF BAGHDAD*, *EX MACHINA*) and with art by Pia Guerra, this is the saga of Yorick Brown—the only human survivor of a planet-wide plague that instantly kills every mammal possessing a Y chromosome. Accompanied by a mysterious government agent, a brilliant young geneticist and his pet monkey, Ampersand, Yorick travels the world in search of his lost love and the answer to why he's the last man on earth. Collecting issues #1-5. Yorick and Agent 355 continue towards Australia, where he hopes to find his lost girlfriend, Beth - but encounters await with Russian cosmonauts, a possibly-crazed dominatrix, and the dangerous Amazons, who count Yorick's sister among their number**

The definitive biography of the brilliant, charismatic, and very human physicist and innovator Enrico Fermi In 1942, a team at the University of Chicago achieved what no one had before: a nuclear chain reaction. At the forefront of this breakthrough stood Enrico Fermi. Straddling the ages of classical physics and quantum mechanics, equally at ease with theory and experiment, Fermi truly was the last man who knew everything—at least about physics. But he was also a complex figure who was a part of both the Italian Fascist Party and the Manhattan Project, and a less-than-ideal father and husband who nevertheless remained one of history's greatest mentors. Based on new archival material and exclusive

interviews, *The Last Man Who Knew Everything* lays bare the enigmatic life of a colossus of twentieth century physics. "A sinister version of *The Perfect Storm*. Thrilling."—*Sunday Times (UK)* For readers of *The Perfect Storm*, *Between a Rock and a Hard Place*, and *Into the Wild* There's nothing that armchair adventure lovers relish more than a gripping true story of disaster and heroism, and *Last Man Off* delivers all that against a breathtaking backdrop of icebergs and killer whales. On June 6, 1998, twenty-three-year-old Matt Lewis had just started his dream job as a scientific observer aboard a deep-sea fishing boat in the waters off Antarctica. As the crew haul in the line for the day, a storm begins to brew. When the captain vanishes and they are forced to abandon ship, Lewis leads the escape onto three life rafts, where the battle for survival begins. Russia is dying from within. Oligarchs and oil barons may still dominate international news coverage, but their prosperity masks a deep-rooted demographic tragedy. Faced with staggering population decline—and near-certain economic collapse—driven by toxic levels of alcohol abuse, Russia is also battling a deeper sickness: a spiritual one, born out of the country's long totalitarian experiment. In *The Last Man in Russia*, award-winning journalist Oliver Bullough uses the tale of a lone priest to give life to this national crisis. Father Dmitry Dudko, a dissident Orthodox Christian, was thrown into a Stalinist labor camp for writing poetry. Undaunted, on his release in the mid-1950s he began to preach to congregations across Russia with little concern for his own safety. At a time when the Soviet government denied its subjects the prospect of advancement, and turned friend against friend and brother against brother, Dudko urged his followers to cling to hope. He maintained a circle of sacred trust at the heart of one of history's most deceitful systems. But as Bullough reveals, this courageous group of believers was eventually shattered by a terrible act of betrayal—one that exposes the full extent of the Communist tragedy. Still, Dudko's dream endures. Although most Russians have forgotten the man himself, the embers of hope that survived the darkness are once more beginning to burn. Leading readers from a churchyard in Moscow to the snow-blanketed ghost towns of rural Russia, and from the forgotten graves of Stalin's victims to a rock festival in an old gulag camp, *The Last Man in Russia* is at once a travelogue, a sociological study, a biography, and a *cri de coeur* for a dying nation—one that, Bullough shows, might yet be saved. From the #1 bestselling author of *Heat*, *Travel Team* and *Fantasy League* comes a story of heroes, family, the thrills of skateboarding, and football. When the Brighton Bears suit up on game day, 12-year-old Tommy Gallagher is the toughest kid on the football field. And the bravest. After all, his father Patrick is a Boston firefighter--one of Boston's bravest. Tommy's dad taught him everything he knows about football--and life. Yet even Tommy isn't strong enough for what happens when the sirens ring and, for the first time, they're racing away from the fire. "First man in; last man out" had always been his dad's motto . . . yet he never said anything about leaving in an ambulance. Now Tommy's biggest battle has nothing to do with football. And the kid who always had such respect for risk on the gridiron finds himself drawn to it off the field. Set in New England, home of the Patriots' football dynasty, Mike Lupica shows off his trademark knack for spinning a tale that's equal parts sports action and heart. *Last Man Out* is a thoughtful tribute to the bravery of firefighters and the need we all have to live up to the level of our heroes. "As is characteristic of Lupica's books, the sports segments, most particularly the football portions, are exceptionally well written." —VOYA "In the best traditions of sports writing, this will leave readers both breathless and thoughtful." —Booklist A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard "Pitch" Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American

soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse. The sole survivor of a devastating ambush, FBI Hostage Rescue Team agent Web London would do anything to find out what really happened that night--and a ten year old boy may be the unexpected key in this #1 New York Times bestselling thriller. Web London was trained to penetrate hostile ground and come out alive. Then ten seconds in a dark alley cost him everything: his friends, his fellow agents, his reputation. Among his super-elite FBI Hostage Rescue Team, Web was the sole survivor of a high-tech, devastating ambush. Now Web is trying to put his life back together and understand what really happened. To get answers, he'll need the help of psychiatrist Claire Daniels and the one other human being who lived through the attack--a ten-year-old boy. But when his search leads him back to that bloodstained alley, Web suddenly realizes he is about to face his assassin again. And this time, one of them will become the Last Man Standing. Reveals how wartime loss in the Vietnam War transformed U.S. politics, arguing that the effort to recover lost warriors was as much a means to establish responsibility for their loss as it was a search for answers about their fate. **THE NEW YORK TIMES NUMBER ONE BESTSELLER** A hero can't always be good . . . On September 11th, Battalion Commander Richard 'Pitch' Picciotto was the highest ranking fire department commander in the twin towers when the North Tower fell. Pitch and his men were on the 17th floor racing upward when the world seemed to explode around them. From his intimate knowledge of the Towers gained during service after the 1993 WTC bombing Pitch was able to lead the firefighters to an alternative stairwell to floor 12 where they were met with a horrifying sight - more than 50 workers too crippled, too old, or too weak to have made their way out on their own. Pitch ordered his firefighters to form a human chain and pushed and cajoled them down the stairs. They were in the 7th floor stairwell when the tower fell, and Pitch and a handful of survivors woke to find themselves buried on the landing of floor 2. This is the story of how Pitch Picciotto led his men and the survivors to safety.**
